

Oxford University Offer

The Advanced Skills Challenge Certificate is extremely well represented in offers made to Welsh learners. These learners, in schools and colleges, work hard to achieve these entry requirements.

One very conscientious learner from Hawarden High School in Flintshire clearly impressed admissions staff at Oxford University. Olivia Ashall recently secured an offer to read Geography at the internationally renowned institution. The offer is subject to the attainment of A-level grades A*AA in the Skills Challenge Certificate, Geography, Biology or Chemistry.

Helen Ellis (Curriculum Leader, Community Services to People Faculty, Hawarden High School) states:

Olivia has engaged in all aspects of the Advanced Skills Challenge Certificate course and has developed a wide range of transferrable skills in preparation for future life. She discussed her experiences obtained through the Skills Challenge Certificate course at length within her Oxbridge interview, they were most impressed with her enthusiasm, hence she obtained an offer'.

Congratulations to Olivia and well done for securing such a laudable offer, the future is looking very bright!
