

# WELSH BACCALAUREATE SKILLS CHALLENGE CERTIFICATE

National/Foundation

## Enterprise and Employability Challenge

RESOLVEit

**Available for assessment from September 2021**

## RESOLVEit: Everyone has the right to feel safe

### PURPOSE

The purpose of the Enterprise and Employability Challenge is to develop learners' skills, whilst providing opportunities for learners to develop enterprising skills and attributes and enhance employability. During the Enterprise and Employability Challenge learners will explicitly develop skills in **Creativity and Innovation, Personal Effectiveness** and **Digital Literacy** and apply them in an appropriate manner.

### INTRODUCTION

RESOLVEit specialise in using personal safety to engage, teach life skills and develop strategies to cope with challenging situations using our four principles: awareness, avoidance, dialogue and action.

RESOLVEit aim to empower people to be the best version of themselves that they can be.

### BRIEF

During your working life it will be unusual for you to have just one job, it is more likely you will have several different jobs. You will have to apply for these jobs and go through an assessment process, which may include an interview and presentation. It is important you can sell yourself by using examples of the skills you have and how you have used them. Employers particularly value teamwork, a can-do and positive attitude and being creative.

You should work with other learners in a team of 3-6 people to create and develop an idea for a **personal safety device or product**. It is up to your team to select which target group you want to aim your product or service at.

Your product or service should be designed to improve people's personal safety and general awareness.

The Enterprise and Employability Challenge provides your team with a unique opportunity to be as creative as you can be in an industry that genuinely helps people, whilst at the same time improving your own knowledge of personal safety and self-defence. The use of social media and interaction with the RESOLVEit team is actively encouraged; we are here to support you.
