E-submission

Preparing for e-submission (IAMIS upload)

1. Centres are advised to prepare for electronic submission by storing internal assessment work electronically and scanning all candidate work in advance of the submission deadlines.
2. When scanning evidence, all pages of work, candidate authentication sheets and/ or cover sheets please ensure these are in chronological order and the correct way around.
3. Please do not use any 'special characters' when saving work.

Prior to e- submission (IAMIS upload)

1. Marks will need to be input and submitted for the relevant internally assessed units/components on the Internal Assessment Mark Input Screen, IAMIS, available on the WJEC secure website www.wjecservices.co.uk .
2. Once the marks have been submitted, IAMIS instantly generates the sample. Therefore, in order to meet your subject's submission of work deadline, marks should be submitted at least 72hrs before the published deadline.

Uploading work through e-submission (IAMIS upload)

1. Alongside each candidate in the sample, you will see the upload button.
2. Click on the button and you will be able to choose the file(s) you wish to upload.
3. Select your chosen file(s) and click 'open'.
4. The file(s) that have been uploaded will be displayed against the candidate.
5. Information on the types of files and what needs to be uploaded are given below.
6. Further information on uploading is available in the [Internal Assessment Mark Input System Step-by-Step Guides](#).

NB: Each subject has an advisable maximum upload file size. Although the function imposes no size limit, anything over a GB is difficult in terms of upload and download as it will take time for the function to process the request. 1GB on normal broadband speeds will take up to 15 minutes to upload. There is an initial progress bar, you should not leave the web page or upload another document until the document you are uploading shows named under the upload icon.
