

WELSH BACCALAUREATE SKILLS CHALLENGE CERTIFICATE National/Foundation

Enterprise and Employability Challenge

Amgueddfa Cymru – National Museum Wales

Available for assessment from September 2015

Product for Museums Wales

PURPOSE

The purpose of the Enterprise and Employability Challenge is to develop learners' skills, whilst providing opportunities for learners to develop enterprising skills and attributes and enhance employability. During the Enterprise and Employability Challenge learners will explicitly develop skills in **Creativity and Innovation, Personal Effectiveness** and **Digital Literacy** and apply them in an appropriate manner.

BRIEF

During your working life it will be unusual for you to have just one job; it is more likely you will have a number of different jobs. You will have to apply for these jobs and go through an assessment process which may include an interview and presentation. It is important you are able to sell yourself by using examples of the skills you have and how you have used them. Team work, a can-do and positive attitude and being creative are particularly valued by employers.

Amgueddfa Cymru – National Museum Wales is dedicated to preserving, presenting and promoting the culture of Wales. There are seven museums: National Museum Cardiff, the National Roman Legion Museum at Caerleon, St Fagans National History Museum, Big Pit National Coal Museum at Blaenafon, the National Waterfront Museum at Swansea, the National Wool Museum at Dre-fach Felindre and the National Slate Museum at Llanberis.

To help you experience business and the world of work you should work together with others in a team of 3-6 members and use skills and knowledge you have developed from researching Museums Wales to **design and develop** an innovative **product** based on the collections at the museums. The product must be cost-effective, innovative and suitable for sale in Museums Wales shops.

The Enterprise and Employability Challenge provides you with an opportunity for you to show how creative and innovative you can be including the use of digital technology, as well as demonstrating people skills such as developing a rapport, listening skills, negotiating skills and trusting others. You may also demonstrate your assertiveness and leadership qualities.
