1. Summer 2023 results

The hard work of students and teachers across the country was obvious in the responses that were marked and moderated by WJEC appointees this summer; you and your students should be very proud of everything that has been achieved.

The papers and mark schemes from the summer 2023 series are now available to view on our [secure website](#). If you don't have access, please contact your exams officer.

Remember that 28 September is the last date for requesting a review of marking or moderation and for requesting electronic copies of scripts for teaching and learning purposes. Please see our [website](#) for more details.

You can find a range of helpful information in our [Guide to summer 2023 Results and Appeals](#). Applications for an appeal must be submitted within 30 calendar days of WJEC issuing the outcome of the review. Any applications or requests received after this date will not be accepted.

For the summer 2023 series, a free, unannotated scripts service is available for:

- WJEC GCE English Language (2700U10-1, 2700U20-1, 1700U30-1 and 1700U40-1)
- WJEC GCE English Language and Literature (2710U10-1, 2710U20-1, 1710U30-1, 1710U40-1).
- WJEC GCE English Literature (2720U10-1, 2720U20-1, 1720U30-1, 1720U40-1).

Centres can download scripts on behalf of candidates via WJEC's secure website which also includes instructions on the process. Please note that a centre must obtain the candidate's permission prior to downloading or applying for a script. Scripts will be available for 6 months from results day.

2. Analysing candidates' results

WJEC offers two services to help you understand your students' results and develop exam skills in your next cohort: Exam Results Analysis and Online Exam Review.

Exam Results Analysis on the [secure website](#) allows you to compare your students' performance on each question with that of the candidature overall, letting you see where they have done well and where there might be room for improvement.

You can find the Online Exam Review (OER) which provides a number of clean and marked exemplars of candidate responses to key questions on our [subject-specific pages](#) on the website. Click on 'Key Documents' from the menu and scroll down to find the 'Exemplar' folder to access the examples from the summer 2023 exam series and all previous series. These allow students to mark others' work and discuss ways in which it may be improved, thus developing their own skills.

3. Principal Examiner Reports

The Principal Reports for GCE [English Language English Language and Literature](#) , and [English Literature](#) providing feedback on the Summer 2023 series are now available on the website subject pages. You are advised to read them carefully as they provide helpful observations and commentary on candidates' work this series, including characteristics of successful responses, areas of improvement and advice to centres.

In a change to this year's Principal Examiner Reports, you will find links to resources based on some key points raised in each report. We hope that you find this additional support helpful as you prepare learners for the 2024 exam series.

4. Moderators' Reports

The Moderator Report on the work submitted by your centre for NEA this summer is now available on the [secure website](#). Please take the time to read this important document as it contains feedback on your centre's performance and advice for next year's submission. Please ensure you download your report as soon as possible as they will be removed from the secure website at the end of the year.

5. Arrangements for Summer 2024

The regulatory body, Qualification Wales, has confirmed that there will be no Advance Information for the 2024 exam series.
